

DECEMBER 2018

SAMPLE LIST OF PRODUCTS & SERVICES

SCANNING & DIGITIZATION SERVICES

Have videos on tapes or reels? Give us a call to get those precious memories digitized for viewing. We digitize anything from VHS to 8mm reels, even BetaMax and cassette tapes! All movies are transferred to DVD, but can also save to USB Flash Drives and DropBox.

Prices for scanning and restoration depend on the complexity of the item. We have a variety of scanners to scan 35mm slides, photographic prints, and negatives. We also can scan albums and artwork. All scanning includes a process to reduce dust, and a very light color correction, then saved as JPG files.

Photo resolutions. Most companies offer options starting at 300 dpi. By default, we scan photos at 600dpi. If enlargement is required depending on the project, the size will be adjusted accordingly. Slide and negative scan resolutions by default is 3200dpi. There are other options available.

All prices subject to change in January 2019

Loose photos scanned, up to 8x10	
20 to 100	\$45.00
Up to 500	\$220.00
Physical and Digital Organization, and general consultation	

PRODUCTS & MORE

Print prices are dependent on the size of the print and paper chosen. All printed photos are printed using our high resolution Epson Stylus Pro 3000 printer with K3 archival inks producing high quality long lasting prints. Framing prices are based on materials chosen. Other print products may be outsourced for printing, such as albums. So, timing of processing and shipping needs to be considered during holidays.

I will pickup/deliver for free within 30 min of Owasso, OK. If an item needs to be mailed, Packaging & shipping charges are based on your location and size of the item.
